

Jirani sanitation groups: sustaining open defecation free status in Tanzania

By

Jackson Wandera

Project Manager, SSH4A Project

Tanzania.

Jirani Sanitation Groups (JSGs) in Tanzania

1. Origin of JSGs
2. Role in tackling slippage and reporting on sanitation progress
3. Spread: 13 districts

Success Factors

1. Triggered communities
2. Refresher trainings for the JSG leaders
3. Political and admin leaders buy in
4. Enhanced monitoring follow ups and enforcement at all admin levels.

Sub-village committee sessions and filling in sanitation register. - Misungwi

Local government champs also engaging in inspections/monitoring - Misungwi
